## History

## HOLDING

PFA Award, London

Gr8 Woman Award 2017

The face behind a hundred smiling faces, celebrity stylist Zeenat J. is an industry brand in its own right within the Fashion and Lifestyle community. She has developed a strong portfolio of clientele through the development of a unique makeup application style we call the “Z Effect”. For years, she has pinpointed client requirements based on personal needs and evaluated their aesthetic to develop a unique makeup palette that is customizable to each individual person.

This is probably the reason why so many celebrities of South Asian music and cinema, as well as multi-national global corporations have brought into the magic of Z haus.

However, unlike most makeup artist, she strongly adheres to the root of the process: that human connection. And whether she shares that with celebrities at premier fashion events or inside a brides home on her most important day. In order to share her trade secrets, Zeenat J has launched a premier offering of classes
